01 July 2021 - 30 August 2021 (02 Months)

 - Designing and developing a website using HTML, JS, CSS, PHP, and MySQL.

EDUCATION

- National Diploma of Engineer in Computer Science

2021-2024

Polytechnic School of Sousse, Tunisia (EUR-ACE, CTI).
- 1st year of Industrial Electronics

2020-2021

National School of Engineers of Sousse.
- Preparatory Diploma Physics-Chemistry,
Passed National Entrance Examinations for Engineering Programs

2018-2020

Preparatory institute for engineering studies Monastir, Tunisia
- Baccalaureate of Experimental Science

2017

Fattouma Bourguiba High school, Monastir, Tunisia.

SKILLS

- Machine Learning algorithms and AI Technologies
- Data Visualization: Power Bi, Talend.
- Framework: Flutter, SpringBoot, expressJs, Flask.
- Library: ReactJS, Tailwind css, Bootstrap.
- Development platform: NodeJs
- Programming languages: Python, JS, SQL, JAVA, CSS.
- Database: SQLite, MySQL, PostgreSQL, MongoDB.
- Dev-IDE Platforms:
Visual Studio, Android Studio, Pycharm, IntelliJ.
- Operating Systems: Linux, Windows.
- Modeling language: UML.
- Version Control System: Git

LANGUAGE

- French (DEL F B2 diploma)
- English (Toeic 605)
- Arabic

QUALIFICATIONS

- Certification: IT SPECIALIST PYTHON CERTIPORT.
- Certification : AI-900:microsoft Azure AI Fundamentals.
- Participation in the Night of the Info competition in 2021 and 2022.
- Participation in the IA Challenge 2023 (Arsii).
